As a very **hands-on person**, I was not keen on Poly's mode of training. Hence my course manager recommended ITE's WSDip in Lifestyle & Recreation Management. **I like the programme very much - the programme structure and flow is good and I feel aligned with the values of my employer.** With good time management, I feel that the WSDip is a **manageable and beneficial** programme to pursue.

Through this WSDip programme, I learnt what Intellectual Disability (ID) is about and how to plan programmes for people with ID. This WSDip gives me a **good head start**, and has **trained me to be patient and determined**. After graduation next year, I hope to continue working in this sector, perhaps in a government agency or hospital setting.

After graduating from my *Higher Nitec* course, I wanted to pursue a Diploma in a polytechnic. However, I knew it was not an option, because **I needed to work and support myself**. My ITE lecturer understood my situation and encouraged me to join the WSDip programme. It was ideal as it **enabled me to work and study at the same time**.

# ELIGIBILITY & APPLICATIONS

## ITE Work-Study Diploma Entry Requirements

*Nitec Graduate*

**Minimum GPA of 2.0**

From relevant feeder courses only

*Higher Nitec Graduate*

**No minimum GPA  
requirement**

From relevant feeder courses only

Be successfully employed full-time by a partner  
company to be enrolled into the WSDip programme

By co-designing the curriculum with ITE, it enables us to **incorporate real life examples and industry experience into a structured module to be taught in the classroom**. This enables immediate application into the working environment when they begin their journey with us. The experience and theory they gain within the classroom **prepares them to be assimilated into their new working environment**.

WORK-STUDY DIPLOMA

# FREQUENTLY ASKED QUESTIONS

## What is the difference between ITE's WSDip and Poly's Work-Study Certificate Leading to a Diploma?

### **ITE WSDip:**

WSDip trainees are full-time employees of a WSDip partner company and can expect a stable income, employee benefits and full course fee sponsorship.

At the end of the 2.5 year ITE WSDip programme, WSDip trainees will obtain a nationally-recognised Diploma.

### **Work-Study Certificate (WSCert):**

The part-time WSCert programme offered by polytechnics, will not lead directly to a part-time Diploma.

During the 12 to 18 months WSCert programme, participants who complete the required 3 Modular Certificates will attain a Work-Study Certificate.

Upon completion of the WSCert programme, participants will have to complete 2 more Modular Certificates on their own before obtaining a Part-Time Diploma.

## Who are the WSDip partner companies and how are they selected?

These companies are selected based on their ability and commitment to providing quality workplace training and meaningful career development opportunities for our trainees. Partners come from various sectors and include MNCs, SMEs, VWOs and Statutory Boards.

## Will WSDip trainees be bonded to their employers? If yes, how long is it?

Most companies do not impose bond periods after the WSDip. If they do, the bond periods vary between 1.5 and 2 years.

## Can fresh *Nitec/Higher Nitec* graduates get deferment from NS to pursue WSDip first?

Yes. Males liable for National Service (NS) will be granted NS deferment if they attain a place in the WSDip programme, regardless of age.

## Can *Nitec/Higher Nitec* students of non-feeder courses apply for WSDip courses that they really like?

Discretionary admission can be considered and is subject to approval. Such cases of admission must be supported by the employer. To ensure that applicants are able to cope with the rigour of the course, ITE will also conduct our assessments on the applicants.

Applicants from non-relevant courses will not be eligible for the SkillsFuture Singapore (SSG) sign-on incentive, even if they are within 36 months of graduation or completion of NS.

## How will WSDip trainees be assessed in the course?

WSDip trainees will be assessed on their on and off-the-job training performances. Off-the-job component may include in-course assessments and end-of-module written examinations. On-the-job competencies are assessed by company mentors throughout the 2.5-year programme.

## Can WSDip graduates apply to local universities and post-diploma programmes?

Upon fulfilling specific admission requirements, WSDip graduates are eligible to apply for:

- **Full-time or Part-time Degree** programmes at Nanyang Technological University (NTU), National University of Singapore (NUS), Singapore Institute of Technology (SIT), Singapore University of Social Sciences (SUSS), Singapore University of Technology and Design (SUTD), and University of the Arts Singapore (UAS).
- **Post-Diploma** programmes at Nanyang Polytechnic (NYP), Ngee Ann Polytechnic (NP), Republic Polytechnic (RP), Singapore Polytechnic (SP), and Temasek Polytechnic (TP).
