

## Training Fees for Full-time Technical Diploma Courses for Academic Year 2024 (AY2024)

### For new students admitted in AY2024

ITE has adopted a **cohort-based fee structure** for full-time *Nitec*, *Higher Nitec* and Technical Diploma courses. Under the structure, a student's tuition fee will remain unchanged for the entire duration of the course. With this, students will have greater certainty regarding the tuition fee and can better plan the financing of their studies.

Course	Category	Fees Per Term (AY2024 Fees)			Total Per Term (d) = (a) + (b) + (c)	Total Per Academic Year (e) = (d) x 2
		Tuition Fee (a)	Supplementary Fee (b)	Examination Fee (c)		
Technical Engineer Diploma in Automotive Engineering	Singapore Citizen	\$1,500	\$18	-	\$1,518	\$3,036
	Singapore Permanent Resident	\$3,100	\$18	\$28	\$3,146	\$6,292
Technical Engineer Diploma in Machine Technology	Singapore Citizen	\$1,500	\$18	-	\$1,518	\$3,036

	Singapore Permanent Resident	\$3,100	\$18	\$28	\$3,146	\$6,292

#### Note:

- 1) The above are based on Academic Year 2024 fees.
- 2) One term is for a duration of six months.
- 3) Fee rates are inclusive of GST or after GST subsidy.
- 4) Students are required to pay their term fees for all terms by the stipulated dates in order to remain in their course of study. For subsequent terms, students are required to pay their fees through PSEA or GIRO (if you are not paying using PSEA, or your PSEA balance is insufficient for all terms in the course of study).
- 5) Fees are charged based on citizenship at the point of term commencement. Students who have officially informed ITE of their citizenship change to Singapore Citizen or Singapore Permanent Resident before the term commencement will have their fees adjusted to the Singapore Citizen/Singapore Permanent Resident rate for that term. However, for students who inform ITE officially of their citizenship change to Singapore Citizen or Singapore Permanent Resident after the term commencement, their fees will be adjusted to the Singapore Citizen/Singapore Permanent Resident rate only with effect from the following term.
- 6) Tuition Grant is provided to all eligible full-time Technical Diploma course students by the Government of Singapore, through the Ministry of Education (MOE), to subsidise their tertiary education. Technical Diploma students who are eligible for and accept the Tuition Grant will pay subsidised Tuition Fees. Those who are not eligible for or do not accept the Tuition Grant will have to pay the non-subsidised Tuition Fees, inclusive of 9% GST. Singapore Permanent Resident tuition grant recipients must serve a 3-year bond obligation upon graduation. Students may visit the Tuition Grant website (<https://go.gov.sg/tgwebsite>) for more information on the Tuition Grant scheme. Students who do not apply and/or sign the agreement with MOE within the stipulated application period will pay annual non-subsidised fees of about \$22,600 to \$22,910. Students who do not apply for MOE Tuition Grant will not be eligible for any financial assistance.
- 7) Students who were previously enrolled in Institute of Technical Education (Technical Diploma courses), Institutions of Higher Learning (IHLs) such as National University of Singapore, Nanyang Technological University, Singapore Institute of Technology, Singapore Management University, Singapore University of Social Sciences, Singapore University of Technology & Design, Nanyang Polytechnic, Ngee Ann Polytechnic, Republic Polytechnic, Singapore Polytechnic and Temasek Polytechnic, or the Arts Institutions such as Nanyang Academy of Fine Arts and LASALLE College of the Arts, may not be eligible for the MOE Tuition Grant and may have to pay non-subsidised Tuition Fees. Students are advised to check with MOE on their eligibility for Tuition Grant.
